BAY ST. LOUIS, MISS., FRIDAY, APRIL 19, 1940.

FOURTH DIOCESAN EUCHARISTIC CONGRESS HELD THURSDAY, 11TH.

Attended by Crowd From Bay St. Louis and Other Sections Of Coast And Up-State—Success For Clergy, Laity of Catholic Faith.

Despite threatening weather, the Fourth Diocesan Eucharistic Congress held in Bay St. Louis on Thursday, April 11th, was a day of grandeur and huge success for the clergy and laity of the Catholic church.

The day opened with a Solemn Pontifical High Mass at 9:00 A. M. at Our Lady of the Gulf Church with the Most Reverend Bishop R. O. Gerow as celebrant and Monsignor D. J. O'Brien giving the sermon. Visiting clergy from parishes all over the state occupied three of the long front pews on either side of the main aisle of the church and fifty priests were in attendance. The mass lasted nearly two hours and the church was filled to its full capacity. The church was beautifully decorated and the Pontifical Mass, one of the most impressive and beautiful services of the church, with the participating clergy and Bishop Gerow resplendent in beautiful robes made the occasion one that will linger long in the memory of the faithful.

At the close of the mass, the Blessed Sacrament remained exposed for the day for the faithful to adore and visit with.

After the morning service, the number of visiting priests and church dignitaries were the guests of the Brothers of the Sacred Heart at St. Stanislaus College for luncheon, and also in the evening for dinner.

The Children's Holy Hour, at 2:00 p. m., was presided over by Father S. G. Sweeney of Pass Christian and was attended by nearly all of the children of the Parish.

At 3:30, at the conference for the Laity held in the auditorium of St. Joseph Academy, which was presided over by Father Wm. J. Leech, of Biloxi, a number of excellent talks were given. The first speaker was Edward M. Sternberg of Biloxi who spoke on "The Example of a Catholic" and who stated that good example is the most essential thing that a Catholic can do for the advancement of Catholicity in this country. Mr. Sternberg exemplified the idea of church men and women joining and taking active part in the different church organizations.

The second speaker on the program was Forster Commagere, member of the faculty of St. Stanislaus College, whose subject was "Training of Youth," and whose experience with boys for more than twenty-five years has given him every opportunity to know boys. Mr. Commagere stated in part that forty per cent of the prisoners in one of New York's largest prisons were men who as boys had never known the comradeship of a father, and he urged that fathers interest themselves and pal with their sons.

Lieutenant John J. O'Keefe of Biloxi spoke on "Frequent Communion and cited instances of several prominent men in the country who were daily communicants. Lieut. O'Keefe also stated that probably the greatest sentence ever spoken since the creation of the world was the one spoken by Our Lord at His Last Supper, "This is My Body, This is My Blood."

Mrs. J. Van Cloostere of Long Beach had as her subject, "Spiritual Communion" and defined the meaning of "Spiritual Communion" as an ardent desire with lively faith to possess Our Lord in our hearts as often as we desire, and especially at mass and benediction.

Miss Jeanne Knost of Pass Christian gave an excellent talk on "Visitation to the Blessed Sacrament" and stated in part "that the churches are the dwelling places of the living God and that daily recitation of the rosary before the Blessed Sacrament was a most pleasing practice."

Mrs. E. C. Beckwith of Pascagoula spoke on "Youth and Holy Communion" stressing the importance of frequent communion for youth.

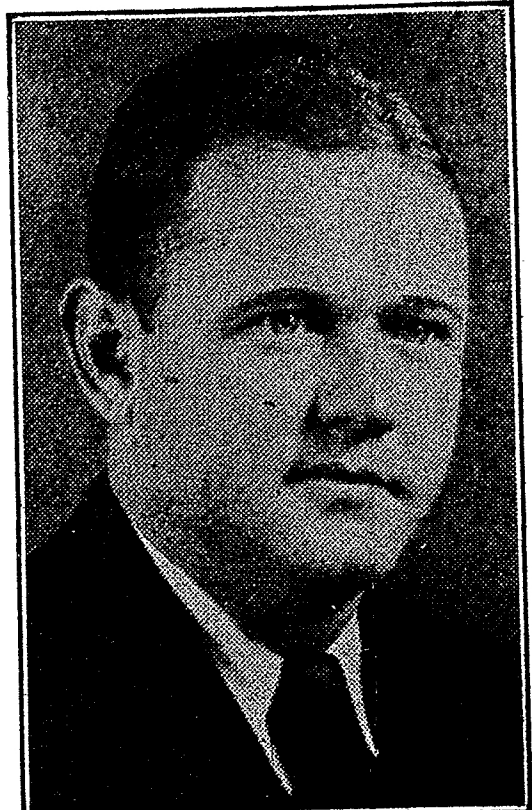

Mrs. George Guilbault gave a most interesting discussion on "Church Music" and in a beautiful manner imparted the importance of rigid practice and full cooperation between the director and members of the choir.

Mrs. Edouard C. Carriere took for her subject "Care of the Sanctuary" and stated in part that it is a rare privilege for the laity to be permitted to care for the sanctuary and to see that the altar linens and vestments are kept in excellent condition at all times.

Father Leech stated that this was the first conference for the laity ever held at a Eucharistic Congress and expressed his great pleasure over the excellent results and splendid cooperation he had received.

The conference for the clergy was presided over by Bishop R. O. Gerow and Father A. J. Gmelin, superintendent of City Schools.

WIDENING OF MAIN ST. IMPERATIVE TO MEET GROWING CONGESTION

Outstanding Business Thoroughfare Crowded—Second St. Coming Residential Section.

Main street is one of our principal business streets and residential as well. However, the first block and part of the second are important business sections and promising of much growth. It is here the handsome three-story Masonic Temple building, one of the more important and larger office and business buildings of the city.

As a thorough fare it equals the beach front and permits of little parking. In fact, it is congested and frequently parking space is at a loss. The city could do nothing more outstanding than to widen Main street. It can be done. Every new building on the north side during the decade or more years has been built on a line some dozen or more feet beyond the regular sidewalk, providing for the future and making it easy to be accomplished.

The hope is expressed that the mayor and council commission will contemplate this matter seriously and at no distant date. Owners of property have been building back of the regular line for years and the time more so because of increased traffic congestion, now makes it imperative if not mandatory. This is quite a live issue and should not be dropped.

Coming Residential Street.

Notwithstanding its central and convenient location to all things, Second street, apparently dormant for many years, has taken spurt and will in time be developed as one of the choicest residential streets of the city. Mr. S. Touquet is having built now nearing completion a handsome dwelling in place of his former home, and will occupy it for self. It is modern and one of the better houses and is a valuable acquisition to the street.

Other improvements of this like is planned but no information given out as yet, however, it is assured another house of this type will be built near by—a house of quality and appearance. Thus the trail of progress for Second street is initiated and we hope to see that it will come to its own in the fullest sense—appearance and value. Why Second street has not built up quicker and better and why more people do not live there is passing strange.

Mr. John J. McDonald well shows his faith in Second street. He is building the first of better houses here for a better street. Let the good work continue. Let's build our city.

MAY FESTIVAL FOR ST. JOSEPH ACADEMY SUNDAY, MAY 12TH.

The Sisters of St. Joseph announce that their annual May Festival will take place this year on Sunday, May 12th and plans and arrangements are going ahead and the festival this year promises to be the most colorful ever held.

A great deal of interest is being manifested by the student body and the court promises to be a large one. Votes for the contestants in the race for queen and maids were given out this week and every indication points to a most successful affair.

The May Festival, an annual affair, is the highlight in school activities for the entire session and every student is keenly interested in it.

At the regular monthly meeting of the Bay-Waveland Garden Club held at Hotel Reed on Tuesday night, the members unanimously agreed to change the day and hour of the meeting from eight o'clock in the evening of the second Tuesday of each month to 3:30 in the afternoon of the second Thursday of each month the meetings to be held in the homes and gardens of the various members with several members acting as co-hostesses each month.

It was generally thought that afternoon meetings would be better attended and this was the main reason for changing the time. Mrs. Rea told members of Miss Lucy Weston's plans for leaving on Friday for Shreveport to attend the annual festival of the Iris Society as the Iris beauty selected by the local club at a meeting some time back, which festival will be held on Saturday, April 20th and Sunday, April 21st.

The club was advised of Pass Christian's Flower Show which will be held this Saturday and Sunday at Hotel Miramar.

Mrs. Rea also advised members of the invitation of Dr. and Mrs. John T. Halsey of Waveland to members of the club to visit the Halsey garden and view the wonderful Iris collection which Dr. Halsey has grown in his garden, and members arranged for a visit on next Wednesday afternoon.

At the next meeting of the club, new officers for the year will be elected, and a nominating committee of three ladies were appointed, composed of Mesdames J. Roland Weston, T. M. McCoy and G. F. Stevenson.

After the business meeting, Mr. Roland Weston introduced the speaker of the evening, Mr. Sam Stowers, county agent, and the members enjoyed a most interesting and pleasant illustrated lecture on "Reforestation and the Havoc of Forest Fires."

DWELLING DESTROYED BY FIRE

At Waveland Sunday Afternoon—Penrose Home Burns To Ground.

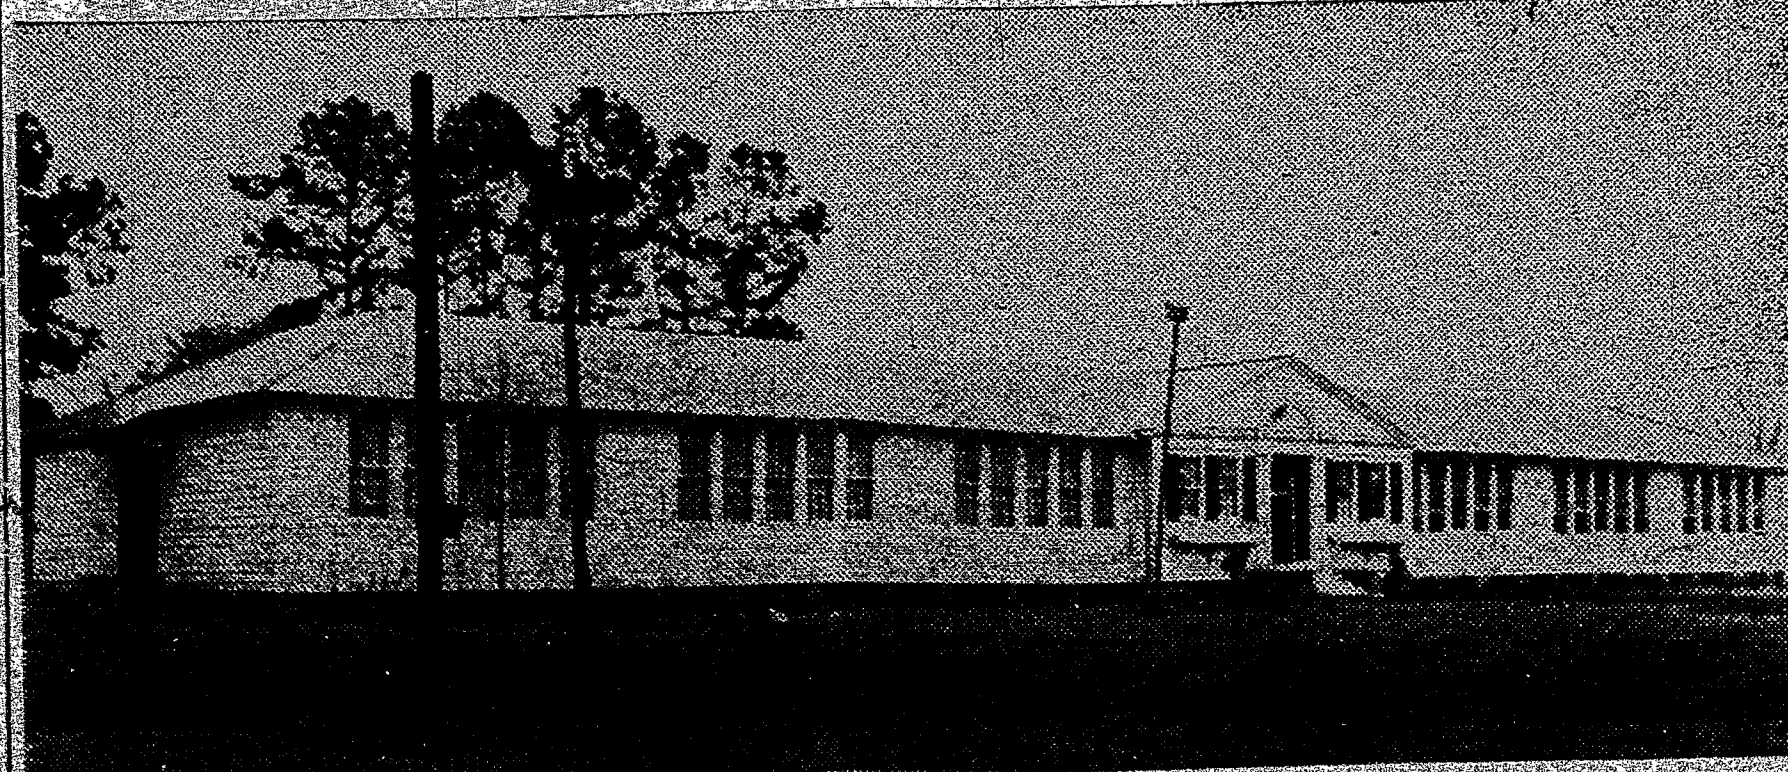

A fire which threatened for a time three adjoining homes destroyed the two-story frame dwelling of Mr. and Mrs. Clem B. Penrose situated on Waveland Beach front.

The fire was discovered by Louis H. Pille of New Orleans while speaking of the home about three o'clock in the afternoon when he noticed smoke emanating from the roof. Although the Bay St. Louis Fire Department sent its engine to the scene of the fire at once, due to the lack of an adequate water supply and the futility of drawing water from the Bay, the efforts of the firemen and many volunteer fire fighters with hose and buckets were useless and the fire rapidly spread, fanned by a stiff wind, and in less than an hour's time, the place was completely burned.

A shingle roof quickly ignited in all places. Much of the furniture and furnishings of the home were saved and it is alleged the loss was covered by insurance.

The home was valued at \$7000.00 and was adjoined by the summer home of C. H. Hamilton on the East side which was seriously threatened because of the wind blowing in this direction and its close proximity to the Penrose dwelling and it was only through the valiant efforts of the fire fighters that it was prevented from catching on fire. East of the Hamilton home is the home of Judge and Mrs. Emile Godchaux of New Orleans from which large pieces of burning timber were constantly removed blowing from the fire and even igniting the large pine trees. This fire and the rapidity with which it consumed the Penrose home because of the lack of proper water supply demonstrates the dire and immediate need of the Town of Waveland of proper fire-fighting apparatus and water supply for such purposes.

SPRING ON THE MISSISSIPPI GULF COAST.

NOTICEABLE more and more each week-end is the amount of increasing traffic to and through Bay St. Louis on Highway No. 90. Summer residents are spending week-ends cleaning up renovating and otherwise enhancing their properties in preparedness for the summer season which they anticipate with much enthusiasm. The closing of schools in New Orleans and elsewhere is not far distant and the grown-ups as well as the children are anxiously awaiting the time to "go over on the Coast."

After a severe winter the warm weather is being gladly welcomed. "Spring fever" is claiming the usual amount of victims and the urge for outdoor life is predominant.

Such sports as fishing, golfing, boating and swimming will be at their heights in the near future. The Mississippi Gulf Coast affords all of these. In fact there is no place that compares with this section as a health and pleasure resort.

Real estate activities at this time of the year take on new life. Renting of houses for the summer months has already begun. Week-end trips are in the offing.

The slogan "See America First" still holds good and one of the best places to start from is the Mississippi Gulf Coast. Vacationists, tourists and sightseers can find all they desire right here in the Bay-Waveland resort section. Amusements, seafoods of the best, sports and outdoor life are available the year round.

GERMANY "LIBERATES" THE CZECHS.

FROM Bohemia and Moravia comes the news, via Yugoslavia, to the New York Times, that Germany is requisitioning the horses of the Czech farmers, giving them, in payment, promissory notes redeemable sixty days after the end of the war.

Thus Germany, which promised, after receiving the Sudeten area to respect the Czech republic, is practically engaged in the systematic pillage of the private property of the people in that unfortunate section.

It is also reported that textile and carpet factories are being forced to close down through lack of raw materials and that the machinery from the factories is being dismantled and sold to Russia. The real cause, it is said, is believed to lie in the German policy of reducing the Czech lands to a mainly agricultural area.

ADVERTISING ORANGES.

FARMERS and others in Hancock county, interested in securing wider markets for their products, may be interested to learn that the growers of California Valencia oranges will spend \$1,000,000 advertising their Sunkist product this year.

An advertising assessment of seven cents a box has been levied by the growers exchange to pay for the campaign to push the sale, not of oranges, but of Sunkist oranges.

We are not familiar with all the details that surround the cooperation of the orange growers of California but there is a lesson to be learned from their success in salesmanship in former years. The lesson, it seems, is "advertising pays."

A NEW SOUTHERN INDUSTRY.

A great southern industry for the South is underway, with a newsprint mill in operation at Lufkin, Texas. Two other plants are to be established in Tennessee.

The development of the newsprint industry in this section is due to the work of Dr. Herby, who perfected the process for making newspaper from Southern pine.

Most of the newspapers in the United States are printed upon paper that is made in Canada, or some other foreign country. While we wish these foreign plants no ill will it will be fine for the nation if the newsprint that this nation consumes can be made in the South.

Baseball will give the public something to think about and the umpires will provide the targets.

Adults who complain about the ways of children should remember that children learn from adults.

It is said that there are 325,000 filling stations in the United States—and that a new one is built every 74 minutes.

Americans must have taken President Roosevelt at his word when he declared 1940 "Travel America Year." For in the first three months of the year auto sales in the United States have jumped to about 1,000,000. Also, auto clubs are receiving more requests for trips data than ever before.

Roland B. Wall, state WPA administrator, announces release of a project for construction of an eight classroom addition to the Bay St. Louis school gymnasium. The project, it was estimated, will employ 32 men nine months. Sponsorship rests in the Bay St. Louis Separate School District, which will provide materials to be used in the building.

THE TOOTERS ARE COMING!

IT used to be that the annual convention of the Mississippi Educational Association was Jackson's largest event, but it's different now, says the Jackson Daily News.

The state high school band contest, to be held this year April 22nd to 27th, knocks the gathering of teachers for a whole row of ashcans and cats.

This year the contest is going to be bigger, better and more colorful than ever before.

The event will bring close to 10,000 people to the Capital City, of whom 3,800 will be youthful musicians. School officials, band leaders, chaperones, teachers and parents and friends of pupils, will number well above 6,000.

Aside from its spectacular interest, the state contest will have a money value to Jackson of not less than \$40,000—meaning fully that amount will be spent by visitors during the six-day festival of music and marching.

It is a worthwhile event from every point of view and our citizens should give to it all aid and encouragement asked.

Both the Bay St. Louis High School and St. Stanislaus College bands of Bay St. Louis are preparing for and will participate in the State contest.

Both schools are in Class "C" and will make a good showing. Brother Romuald is director of St. Stanislaus College band while Prof. W. C. Morgan is director of Bay High band.

The local bands are an asset to our city and their participation at civic, social, school, sports and other events add color and entertainment in a large measure.

Bay St. Louis is justly proud of its bands.

THE FOREST PRIME EVIL.

IN a Pennsylvania forest there is a fire prevention sign which consists of a huge reproduction of a match with the following words: "This is the forest prime evil."

That terse slogan speaks volumes. For destruction to our priceless forests is one of the most tragic phases of the fire problem. Anyone who has traveled in timber country has seen the wastelands covered with black stumps, which fire leaves behind—the ruin where once were stately trees, busy communities of wild life, and beautiful recreation areas.

It will not be long now until the dangerous forest season is upon us. Good weather brings mounting hazards. Trees and underbrush dry to the point where they are virtually explosives. One touch of flame may be sufficient to cause a holocaust. And death and disaster follow.

The primary causes of forest fires are well known. Inexperienced and careless campers are among the worst offenders. Every man and woman who goes vacationing in the woods should keep this everlastingly in mind: Never leave a camp fire while a single spark remains alive. Douse it thoroughly with water or smother it with dirt.

Motorists are also responsible for ruinous forest fires. A cigarette butt cast from a "flying" car may supply the tiny flame that will spread until it has devastated thousands of acres of splendid woodland. Most of the states have laws designed to prevent this, but policemen and fire wardens can't be everywhere at once to see that the law is enforced. The public must cooperate.

Let's all work to save our forests this year. It takes centuries to replace great trees—and only seconds to destroy them. Don't forget that.

ELECTRICITY FOR THE FARMERS.

THE Rural Electrification Administration reports that it has financed the building of nearly 300,000 miles of rural power lines and that an average of 422 miles of new lines are being built every day.

Since the establishment of the REA in 1935, the number of farms receiving power-line service has increased from less than ten per cent to more than twenty-two per cent of the total in the United States. Part of this extension has been due to private or public utility expansion, but most of it has been through REA-financed cooperatives.

Whenever a group of farmers apply for a loan to finance the construction of a generating plant and distribution system, the REA experts survey the field and decide whether the project is economically feasible. If so, a twenty-five-year loan is made, but the Federal agency also assists with the engineering problems, helps secure new customers and does what it can to assure the success of the project.

One of the ways this is done is to provide loans to assist owners to wire their farm homes. Cheaper prices are obtained by buying lighting equipment for an entire house in one lot and there are other combinations which enable the customers of the lines to secure electrical appliances at a very reasonable cost.

WHY THE ALLIES RESTRICT PURCHASES.

THE United States requires that nations at war pay cash for any goods bought in this country.

The nation advises belligerents that they will not be given credit in this country, if they are already in debt to us, as the British and French happen to be. Faced with this situation the Allies with limited gold supplies, naturally take steps to be assured of the funds with which to pay for war supplies, the most vital necessity of any nation at war.

Consequently, the British and French limit their buying in the United States to goods absolutely necessary for the prosecution of the war. The Allies limit their purchases of non-essentials in order to conserve their cash for what they must have if they are to win.

This is a sensible policy, from the Allied standpoint. It is a policy that is necessary in view of the requirements set up by the United States.

Parents who tell you what the schools should do for their children rarely bother to show their appreciation of the work of the teachers who try to do it.

Hollywood Notes.

THERE certainly is a glorified "horse opera" cycle current in Hollywood these days. With the spectacular success enjoyed by such productions as "Stagecoach," and others of like style, other studios have gone into the making of similar films in a great way.

William Powell and Myrna Loy, who made such an attractive married couple in "The Thin Man" series will be co-starred in "Third Finger, Left Hand," comedy about a girl who announces her marriage, and a man, who unknown to her, arrives in town and poses as her husband. It ought to be good.

Judith Anderson Broadway actress, who is currently appearing as the demented Mrs. Danvers in the screen version of "Rebecca," is very much satisfied with Hollywood, because there she can have a house. It's a modern structure, all windows and sun decks over every room, with a swimming pool, a tennis court, a rose garden and fruit trees and even a doghouse for her three dachshunds.

John Payne has agreed to finance at least one hopeful, ambitious graduate from Columbia's drama school for a film tryout, provided the grad has the approval of the dramatic coach, Estelle Davis Coit.

Hollywood is really becoming concerned over the scarcity of young male actors to provide leading men for budding, promising actresses, such as Brenda Joyce, Lana Turner, Linda Darnell and the like. Robert Stack, who was Deanna Durbin's leading man in her last two pictures, and William Holden, who sprung into prominence via "The Golden Boy" are about the crop recently.

Joe Weber and Lew Fields, who used to shout across the stage at each other in their burlesque comedy act but who have been retired for more than ten years, are back at it again, this time before the camera, in Twentieth-Century Fox's "Lillian Russell."

When the beautiful Beverly Hills estate which she still owns, is not rented, Colleen Moore lends it to former film millionaires who are now down on their luck. The most recent occupant was a former film director, who made \$17,000 a week, but who has not had work now for some time.

David O. Selznick is said to be trying to persuade Margaret Mitchell to write a sequel to "Gone With the Wind," for which, it is rumored, he is willing to pay a substantial sum.

Mrs. Knute Rockne will pass on the script dealing with the life of her famous football-coach husband and will also stay in Hollywood to act as consultant during the making of the picture.

Ginger Rogers and Ronald Colman will be co-starred in "Lucky Partners" and Jack Carson will be seen in the third lead.

Max Fleischer, whose "Gulliver's Travels" met with such favor, will next produce a feature-length cartoon for Paramount based on the mythological story of Pandora. It will be made in Florida.

Waveland Activities

Personal and General News Notes of the Week From Sister City and Vicinity.

OSWALD F. Bourgeois of New Orleans was among the Sunday visitors to Waveland where he spent a pleasant day with his relatives, Miss Agnes Bourgeois, Mrs. A. Marroero and Mrs. E. Funk and family.

Census enumerator, Horace Vainin, has been here to "count noses" and seems to be progressing nicely with the task.

Waveland has lost one of its oldest and best known citizens with the passing away of Mrs. Adeline Carver whose death occurred last week. Mrs. Carver who was a life-long resident of Waveland, died on April 12th at her residence on Jeff Davis avenue. She was the wife of the late Leo Carver, and mother of George Carver, with whom she made her home, also Walter Carver of Waveland, John Carver and Mrs. M. Miller of New Orleans, besides a number of grandchildren and great grandchildren.

Interment was in Cedar Rest Cemetery at 4 P. M. on Saturday, April 13.

The family has the sympathy of their many friends.

Adrian Hava and Lucien Marroero expect to visit Jackson next week with other members of St. Stanislaus Band for the contest of State Bands. These boys have made this trip before and are looking forward to this holiday from their classroom and a chance to renew friendships of boys from other schools.

Here's hoping St. Stanislaus is a winner as Brother Romuald and his boys are working hard toward that end.

Friends of Mr. G. Howell are mightily glad to see him out again, after his sick spell. Mr. Howell had gone to New Orleans for treatment and has returned much improved.

The residence of the late Mrs. A. Victor on Coleman avenue has been purchased by Mrs. J. McGivney, whose cottage in the pines "Mac Shack" adjoins this property.

On Sunday afternoon about 3 o'clock fire was discovered coming from the roof of the Penrose residence on the beach. This was a two-story frame building, constructed of pine and in about an hour's time the place was completely burned.

The school bus brought the children to and from the Bay where the rally was held.

The picture show given at Waveland school auditorium was well attended last Friday night and Mr. Sam Stowers, the county agent, is to be commended on his interest in connection with Mr. D. VIVID TALE OF NEW YORK HAS TWO BIG STARS

Spencer Tracy Teamed with Hedy Lamarr in "I Take This Woman" at the A. & G. Sunday.

America's Number One Glamour Girl and the king of the screen's character stars are joined romantically in "I Take This Woman," dramatic romance of New York with Spencer Tracy and Hedy Lamarr, coming Sunday and Monday to the A. & G. Theater.

Directed by W. S. Van Dyke II, the play deals with a social butterfly who, after a wrecked romance, finds her real love and happiness at the side of an earnest scientist working for the public good in a tenement clinic. Action ranges from fashionable night clubs and fashion salons to the tenements. Dramatic highlights include an attempted suicide and rescue, and encounter with a former lover, and a powerful dramatic sequence in which the woman realizes she is about to ruin the life of the man she really loves.

Verree Teasdale has the chief comedy role and Kent Taylor plays Tracy's rival in love. Other players include Laraine Day, Mona Barrie, Jack Carson, Paul Cavanagh, Louis Calhern, Frances Drake, Marjorie Main, George E. Stone, Willie Best, Don Castle, Dalies Frantz and Reed Hadley.

Elaborate settings include the Zebra Club, its pillars formed by huge carved zebras; an elaborate fashion show with beautiful models in colorful new modes; penthouses and other typical bits of New York. Miss Lamarr wears a number of exotic gowns and an elaborate musical score contributes glamour to the romantic sequences.

LOCAL MERCHANT WINS AWARD FOR YEARS OF SELLING

With It Receives Letter of Appreciation From Goodyear President

In recognition of 10 years of pleasant dealings with the Goodyear Tire & Rubber Company, E. J. Arceneaux, local dealer for the big rubber company, has just received a very attractive plaque, which now hangs in a conspicuous place in the dealer's office.

Accompanying the plaque was a personal letter from P. W. Litchfield president of Goodyear, expressing the company's appreciation of the loyalty maintained by the dealer through the years, along with the hope that the pleasant relations may continue indefinitely.

Naturally the local representative of Goodyear feels very proud of the plaque and the letter. The plaque is a work of art done in bronze, with the name of the dealer and that of Goodyear appearing in raised letters on the lower portion, while in the background are portrayed various modes of transportation—automobile, bus, truck, railway train, steamship, airplane and airship.

In the center foreground of the plaque is shown the main plant of the Goodyear Tire & Rubber Company and the huge Goodyear Zeppelin Airship Dock, the latter being the largest building in the world without interior supports. There also appears in an attractive arrangement a Goodyear All-Weather Tread tire encircling the Goodyear house flag.

In so effectively symbolizing the progress of transportation facilities the plaque brings to mind the important part Goodyear has played in giving relief stimulus to all, and in this cooperative effort the local dealer has reason to be proud of the fact that he has been, and still is, a participating factor.

The Clerk be and he is hereby directed to advertise for sealed bids in the manner provided for by law for furnishing to Hancock County for a period of one year from May 6, 1940, cement, according to Mississippi State Highway specifications, a copy of which specifications is on file in the office of the Clerk of this Board.

The said sealed bids shall be delivered to the Clerk of this Board not later than 11 o'clock A. M. on Monday, May 6, 1940. The successful bidder shall furnish bond in the sum of \$1000.00 for the faithful performance of his contract. The Board reserves the right to reject any and all bids.

The said cement shall be delivered at any place in Hancock County, to be designated by the Board of Supervisors, as and when order is placed for same.

Be it ordered by the Board that the Board adjourn until Friday morning, at 9 o'clock, A. M., April 5, 1940.

CHAS. B. MURPHY, President.

Friday morning, April 5, 1940, at 9 o'clock A. M., the Board met pursuant to adjournment. There were present as on Monday, April 1, 1940.

Be it ordered by the Board pursuant to chapter 317 of the Laws of 1939 that the following demands and accounts be approved and allowed, and that said demands and accounts be paid out of the respective funds as allowed by this Board.

And be it further ordered that the Clerk of this Board shall issue warrants out of the respective funds covering said demands and accounts being numbered as follows, to-wit: 4425, 4426, 4427, 4428, 4429, 4430, 4431, 4432, 4433, 4434, 4435, 4436, 4437, 4438, 4439, 4440, 4441, 4442, 4443, 4444, 4445, 4446, 4447, 4448, 4449, 4450, 4451, 4452, 4453, 4454, 4455, 4456, 4457, 4458, 4459, 4460, 4461, 4462, 4463, 4464, 4465, 4466, 4467, 4468, 4469, 4470, 4471, 4472, 4473, 4474, 4475, 4476, 4477, 4478, 4479, 4480, 4481, 4482, 4483, 4484, 4485, 4486, 4487, 4488, 4489, 4490, 4491, 4492, 4493, 4494, 4495, 4496, 4497, 4498, 4499, 4500, 4501, 4502.

The Jackson daily News, keen and intelligent observer, remarks that 95 per cent of the general measures now pending on House and Senate calendars are "useless and should be tossed in the discard. We doubt if even as many as 5 per cent possess any real merit whatever. This session of the legislature has been a monumental flop and a waste of the "average man's" tax money.

Caissac on State street, which was of unusual beauty and size being 6 inches in diameter and of exquisite shade. Mrs. Caissac says that Mr. Caissac has the pleasure of growing and cultivating the roses and she gets the pleasure of cutting them and giving them to her friends.

Mr. John McDonald, is proving his conviction in the immediate future of Bay St. Louis and that Second street is one of the most desirable of residential locations in the city; that, in fact it is one of the coming residential sections of better homes. At present he has in course of construction a dwelling of spaciousness and of outstanding appearance, on land north of Ulman avenue. This is an investment, a wise one, and he intends to build other like houses on the same location.

host. Following is the program: Rev. Martin of Meridian and Rev. C. J. Manon of Water Valley, "Participation of the Laity in the Holy Sacrifice of the Mass"; Rev. Joseph Holken, S. V. D., of Bay St. Louis, and Rev. J. F. Hennessey, Gulfport, "What is a Liturgical Altar"; Rev. Joseph Brunini, Natchez, and Rev. Herbert Mullin, Biloxi, "Evidences of the Holy Eucharist in the Early Churches."

Despite a heavy downpour and a decided change in the temperature, the closing service of Solemn Holy Hour with procession of the Most Blessed Sacrament and Pontifical Benediction was exceptionally well attended and the church filled with the faithful long before 7:30 p. m. Sermon was given during the Holy Hour by Rev. R. F. Waters, of St. Anne's Church at Liza, and the Pater Noster and Apostolic Te Deum were chanted.

Benediction was said by Bishop Gerow after the Solemn Procession in which all priests present took part and the small girls and boys from St. Joseph Academy marched before the procession scattering flowers. A guard of honor composed of Fourth Degree Knights of Columbus participated in both the Mass and Holy Hour and the choir of Our Lady of the Gulf church rendered sacred music for both occasions beautifully under the direction of Mrs. Geo. Guilbault.

At the close of the Benediction, the Pontifical Blessing was given and the end of the Fourth Diocesan Congress was at hand.

Coast Sodality Meeting Held At Pascagoula

The monthly meeting of the Coast Students' Sodality Union was held Wednesday at Pascagoula last week, with Verna Krebs presiding. Rev. P. J. Carey opened the meeting with prayer. All coast sodalities were represented except one.

Discussion of the Union dance to be given Friday, May 19 at Biloxi, followed.

It was decided to hold the annual Crowning of the Blessed Mother at Gulfport May 19 at 4 p. m. If Gulfport will be unable to sponsor the crowning, Biloxi agreed to do so. Members decided that each sodality send three representatives to take part in the crowning. The girls will wear white evening dresses and the boys will wear light-colored suits.

A Stanislaus student gave all information of the Sodality convention to be held in Alexandria, soon. The sodalities were asked to inform Stanislaus of the number of representatives they were to send, so that all arrangements could be made.

Discussion was opened on "Catholic Leadership Among Youth." To give good example was decided as the best means of Catholic leadership. The sodalists regretted that their moderator, Rev. Brother Anselm, was unable to be present at the meeting, as he is visiting his mother who is ill. Refreshments were served to 65 sisters and sodalists.

"THE CARE OF THE SANCTUARY"

"THE LORD IS TRULY IN THIS PLACE"

Address by Mrs. Edouard C. Carriere Before the Laity Conference of Fourth Diocesan Eucharistic Congress, Bay St. Louis, Mississippi, April 11, 1940.

The Blessed Sacrament is the suspension bridge between Heaven and earth—the very center of our Catholic life and hope. The Real Presence of Christ in the Tabernacle is what distinguishes so sharply our churches from those of Protestant sects. In the Holy Eucharist we have God's greatest gift to man. We have the mirror of the wisdom of God, the abridgement of His wonders, the fountain of grace, the magnet of souls. The other sacraments confer grace; this sacrament contains, or rather is the author of grace. It is the crown and perfection of all the sacraments. Here God Himself, as Father, Son and Holy Spirit, is "inexpressibly shrouded" in veils so delicate the summer breeze could blow them aside, and so impenetrable that angels cannot pierce them, nor the weight of a falling world force them open.

Jesus is there—the Saviour of the world, the Man-God, the Judge of the living and the dead, and from His Eucharistic throne, He shapes all things for the weal of souls and the glory of His Father. He lives in our midst; He is nigh to us, and our ears hear the sweet music of His voice. There is no spot on earth so holy and dear to Catholic hearts as the altar of God. Our thoughts and affections hover about it as bees about a bed of roses. Our longing desire is to be near the altar of Jesus where we find peace and rest to our souls. Yes, the altar is the principal object of our devout attention and anxious care. Nothing can be too beautiful for the altar: it is the throne of Jesus Christ and the sanctuary, His throne room. As such, we, the members of the laity, regard it as a distinct privilege and highly prized honor to have some share in the affairs of God's sanctuary. We deem it our greatest delight in helping to keep the sanctuary neat, tidy, clean and in all things worthy of the King of Kings. The beauty and grandeur of the sanctuary; the altar linens, sacred vestments, candlesticks, statues, flower-vases, etc., are our pleasure and happiness. We esteem it a high and holy privilege to wash the Lord's own linen and to tend to the decoration of His sanctuary. In some cases, churches may be poor and distressed, but in all, rich and poor alike, the laity should strive their utmost to keep the sanctuary exquisitely neat, beautiful, attractive.

The Altar Society gives us all the chance and opportunity to share in this grand and glorious work. In this matter, as in all things, let us do all things well. Let us not serve the sanctuary in a careless, shabby way—not with coldness and irreverence. Let us not clothe Christ as Herod did—rather let us reverence Him with the tenderness of Joseph of Arimathea and the sympathy and consolation of Veronica, who wiped away the blood and sweat from His sacred face; with the mercies and charities of the holy women mentioned in the eighth station. Thru our reverence, cleanliness, devotion and attention to the sanctuary, let us manifest our living faith and convince the world that we love and venerate the throne room of God. Life is made up of small things, and small things in the sanctuary seem to matter and give it its character. Finally, the priests in our parishes are our spiritual fathers—they live and work for us. They are beside our sick beds. They join with us in prayer. They help us in sorrow and poverty. When we are confronted with critical decisions and even personal dangers, they are our comfort, hope and encouragement. Let us, in our appreciation to them, find the sanctuary of Jesus the object of our love and the treasure of our hearts. Thus we give ourselves the purest pledge of peace and happiness in the eternal sanctuary of heaven. With the Psalmist, I say, "I have loved O Lord, the beauty of Thy house, and the place where Thy glory dwelleth."

Farley rejects suggestion that convention book be dropped.
